## PEOPLE WE'VE WORKED WITH

We have hosted multiple online events with gluoNNet with thousands of participants and it is a pleasure to work with this outstanding team. Davos Digital Forum is looking forward to continue working with gluoNNet in the future.

**Petra Arends-Paltzer**  
Founder of Davos Digital Forum

gluoNNet helped us take our Webfest global. As well as technical expertise, they brought deep experience and know-how to the event, helping to make it a great success. We are pleased to be working with them on several innovative projects.

**Alberto Di Meglio**  
Head of CERN openlab

Veertly has found a perfect partner in gluoNNet! We believe that their strength lies in creating animated content, making the stream look more professional. Looking forward to future collaborations.

**Alex Spahn**  
Co-Founder of Veertly
